

ABOUT ZIPPMAT

ZippMat is one of India's fastest-growing integrated supply chain companies, transforming how businesses procure and manage a wide range of industrial materials. We simplify sourcing across both core and complex categories — from standard construction inputs to high-spec industrial supplies.

Our product portfolio includes **TMT bars, GGBS, fly ash, cement, bitumen, RMC, AAC blocks, lubricants, industrial oils**, as well as **MROs, safety gear and PPE, tools and tackles, wires and cables, fasteners, material handling systems, and storage solutions**.

We serve customers across a diverse set of industries — including **construction, infrastructure, engineering, automotive and EV, aerospace and defence, metal fabrication, casting and forging, plastics and injection moulding, and consumer electronics**.

At the heart of our offering is a **tech-enabled B2B marketplace + fulfilment platform** that solves key pain points around project delays, high procurement costs, and working capital inefficiencies. Customers benefit from:

- Real-time visibility on orders and delivery
- 100% compliant fulfilment with reduced TAT
- Credit access and intelligent risk underwriting

Our proprietary **supply chain operating system** integrates supplier onboarding, credit risk, procurement workflows, logistics, and finance — with automation, external partner portals, and real-time communication built in. This allows us to deliver not just materials, but **execution certainty**.

Since our founding in 2021, we've fulfilled over **₹500 Cr worth of orders**, completed **10,000+ deliveries**, and built a trusted supplier base of **500+ partners**, serving customers pan-India. Backed by top-tier investors like **Z47 (formerly Matrix Partners), Zephyr Peacock, and HDFC**, we're building the future of how India moves material.

Join us as we reshape Bharat's supply chains — making them faster, smarter, and more resilient.
